◆ Data requested but not available from jurisdictional agency.

◆ 1 Campus non-residence hate crime characterized by religious bias was reported; category of crime was simple assault.

☼ In recent years, the Department of Education (DOE) clarified the definition of public property. As of 2010, UCSB no longer includes all of Isla Vista in the public property reporting category; UCSB only reports statistics that meet the limited DOE definition of public property. For information on how Clery Act crimes are defined, please access the U.S. Department of Education Campus Security Web site at: <http://www.ed.gov/admins/lead/safety/campus.html#handbook>.

UCSB makes a good faith effort to obtain public property data from local law enforcement agencies. This information is not always readily available or maintained by other agencies in accordance with the Clery Act definitions and/or requirements.

Additional data on reported crimes in Isla Vista not reflected in this report are maintained and available from the Isla Vista Foot Patrol.

Non campus category includes student organizations including fraternities & sororities located off campus.
