▲ Data requested but not available from jurisdictional agency.

In recent years, the Department of Education (DOE) clarified the definition of Public Property. UCSB only reports statistics that meet the limited definition of Public Property established for Clery crime reporting. For information on how Clery Act crimes are defined, please access the U.S. Department of Education Campus Security web site at: <http://www.ed.gov/admins/lead/safety/campus.html#handbook>.

UCSB makes a good faith effort to obtain Public Property data from local law enforcement agencies. This information is not always readily available or maintained by other agencies in accordance with the Clery Act definitions and/or requirements.

Please Note:

The non campus category includes student organizations including fraternities and sororities located off campus.

The Clery Act did not require the collection of Domestic Violence, Dating Violence and Stalking statistics prior to 2013. The Clery Act did not require the collection of Hate crimes in the categories of National Origin and Gender Identity prior to 2014.

UCSB's Annual Clery Report Statistics for 2014, shown above, were updated on October 19, 2015.
