In recent years, the Department of Education (DOE) clarified the definition of Public Property. UCSB only reports statistics that meet the limited definition of Public Property established for Clery crime reporting. For information on how Clery Act crimes are defined, please access the U.S. Department of Education Campus Security web site at: <http://www.ed.gov/admins/lead/safety/campus.html#handbook>.

UCSB makes a good faith effort to obtain Public Property data from local law enforcement agencies. This information is not always readily available or maintained by other agencies in accordance with the Clery Act definitions and/or requirements.

Non campus category includes student organizations including fraternities & sororities located off campus.

UCSB's Annual Clery Report Statistics for 2014, shown above, were updated on October 19, 2015.
