University Immunization Requirements

To complete your Steps to Enrollment:

1. You will need your immunization records to complete this step. Use our worksheets (Required Immunization Records and Tuberculosis (TB) Screening Questionnaire) to prepare (or have your doctor’s office fill it out).

2. Log in to the SHS Gateway (UCSB Net ID & password required)

3. Select the Forms menu in the left column.

4. Select Complete Required Immunization Records & Tuberculosis (TB) Screening Questionnaire.

5. Once you submit your records you cannot resubmit them.

Starting Fall 2016, all incoming students are required to receive the vaccinations and tuberculosis screening noted in the Immunization Requirements. We strongly urge you to have your immunizations up-to-date before you arrive at UCSB.

For optimal medical care, email your immunization records or fax them to (805) 893-2758. You may also upload documents when you complete the "Required Immunization Records" as part of your Steps to Enrollment.

You will not receive a confirmation but the immunization documents will be incorporated into your permanent electronic medical record.

On your correspondence, please include your:
- full name
- date of birth
- perm number

For questions or problems you may encounter in completing the University Immunization Requirements, please email shsentranceimmunizations@sa.ucsb.edu

IF YOU DO NOT COMPLETE THIS REQUIREMENT, A BLOCK MAY BE PLACED ON YOUR REGISTRATION FOR FALL QUARTER.
